

Dualit Mini Oven

DESCRIPTION

PERFECT FOR SMALLER SPACES

Perfect for small kitchens or as an additional oven to accommodate larger spaces. Dualit's Mini Oven has a large capacity of 22L, multiple cooking functions, internal light and strong shelf supports. It features a sealed, double glazed window and a curved back for large dishes. With an oven tray, wire rack, pizza pan, removable crumb tray and non-stick interior, this oven is the perfect addition to any kitchen.

From a standing start to 180 degrees C in just six minutes and 220 degrees C in nine minutes, the fast heat-up time makes our Mini Oven the perfect solution for everyday meals.
